We know that you are busy and that this show will require a considerable amount of your time. We will do our best to schedule around your individual conflicts but can only do that if we know in advance what those are.

Please show any schedule conflicts you have or might have during the rehearsal periods. We would expect the rehearsals for this event to be a very high priority in your planning.

About the rehearsals:

- Labor Day may be a non-rehearsal day if there are too many conflicts, or we may cover a special sub-group.
- Tech week starts Sept 9
- Rehearsals generally will be scheduled for:
 - Sundays from 2 - 5 pm and
 - Mondays, Tuesdays, and Thursdays from 7-10 pm.
 - Some weeks may require adjustment to this due to facility conflicts.
- Until tech week, we will try to have children released at 9 pm instead of 10 pm weekdays.
- The first rehearsal is set for Monday, July 16

PLEASE list all Sunday afternoon and Weekday evening conflicts you have between July 16 and September 23 as well as any Saturday performance conflicts Sept 15 or 22. Use the back of this sheet if needed.
